WEDDINGS

WEDDINGS

A stunning backdrop
for your special day

Each wedding has exclusive use of the waterfront decking, surrounding grounds and magnificent tipis. We provide everything you need for your special day and would be delighted to offer ideas and contacts of suppliers. We have 2 onsite bars and plenty of accommodation including our new stables complex. Nestled in the rolling Leicestershire countryside Bridge House Barn offers a unique wedding venue with stunning panoramic views and fabulous waterfront location.

Our staff will be on hand throughout the day to ensure that you and your guests are perfectly looked after, leaving you to relax and enjoy your special day.

OUR TIPIS

The tipis can seat 160 guests as well as the opportunity to have more in the evening. The tipis provide a magical, unique feel to your wedding or celebration. You are welcome to decorate the tipis as you wish.

We have added a fabulous solid oak door and extended window wall allowing extra light and space and with solid wood floor throughout the tipis and hard landscaping around the tipis. You really wouldn't know you are in the middle of the field except for the far reaching views across the countryside. In addition we now have a separate chill out tipi tent with an indoor firepit and lots of sofas.

Our tipis are just as, if not more magical in the evening. Our snug tipi is perfect to get cosy by the log fireplace or toast some marshmallows! Great for a chill and relax during your special day.

EXACTLY AS YOU LIKE IT

You are able to give every last touch to your special day and are free to decorate the tipis exactly as you want them. We are here to help with ideas and discuss options for your special day. We work closely with each couple to ensure that each element of your wedding has been thoughtfully planned out and tailored to your individual needs. We pride ourselves on being totally bespoke, and strive to provide what you require and at a competitive price.

SUPPLIERS

We work closely with a range of equally passionate event suppliers within the Leicestershire area, such as equipment hire, catering, florists and photographers, so that we can offer you the best possible service and contacts. We have a range of suppliers that we have used frequently in the past that we are more than happy to recommend.

"I can't recommend the venue, Emma and her team highly enough!"
Ollie & Aimee

We provide a fully staffed and stocked boat house bar which sits opposite the water front with a heated, decking area and lovely views all round. We also have a converted horse box which can be used for a gin & fizz bar, cocktail bar or juice bar!

OUR DECKING

The superb waterfront decking area is ideal for our guests to sit and relax on or indeed get married on. We have a range of seating available for a ceremony on the decking, We are not licensed so you would need to get the legal bits done at a registry office, but it is very popular to have the ceremony outside and creates a wonderful atmosphere.

Our new addition last year was a quirky tipi covered patio area, by the waterfront surrounded by flowers and atmospheric festoon lights. Lovely on a summers night, sat by the outdoor firepit, sipping your favourite tippie.

'We are a very informal and relaxed venue and want you to see the venue as yours for the weekend to do what you want with to create an amazing day for you and your guests'

"Your beautiful venue was the perfect blank canvas for us to go wild with our imagination and create exactly the right backdrop that we had always hoped for our wedding day"
